

# BUCKINGHAM

The BUCKINGHAM is a well established seat that has evolved over time to become one of the most flexible seats available to coachbuilders, converters and operators. The BUCKINGHAM is available M1, M2 & M3 versions, in a number of widths between 400mm and 500mm per seat place, in combinations of 1, 2 or 3 place units. In addition we can supply the BUCKINGHAM with a range of foam thicknesses making it extremely adaptable for fitting to almost any vehicle.

The BUCKINGHAM has been extensively tested and meets all current requirements for seat strength and anchorage positional requirements for 76/115/EEC as amended by 2005/41/EC and to 95/28CE with regards to fire performance. The BUCKINGHAM has in addition been homologated by a number of leading UK & European coachbuilders.

We offer this seat with a whole range of trim and seat options to ensure that it meets your specific requirements, these include armrests, piping, leather headrest inserts, and separate headrest on BUCKINGHAM 0.75

We continue to develop this versatile seat check our website for updates.
